

Chiara Saporito

I graduated in Civil and Hydraulics Engineering in April 2019 fast learner and motivated. Living in three countries in the last two years gave me a strong flexibility and improved my team-working abilities.

Education

Master's Degree in Hydraulic and Civil Engineering

University of Calabria Rende (CS), Italy / From October 2016 to April 2019

Main subjects studied: Fluvial hydraulics, Water system, Drainage system, Coastal protection, Foundations, Urban planning, Transport planning

Master's Thesis Title: "Mean flow and turbulence in flows over high-conductivity rough mobile beds"

Final Mark: 110/110 cum laude

Exchange program, MOST **Pontificia Universidad**

Catolica de Valparaiso Valparaiso, Chile / From August 2018 to February 2019

Main subjects studied: Bridge and tunnels, Inherited restoration, Applied hydraulics, Project management of civil works

Erasmus + Instituto Superior Tecnico Lisbon, Portugal / From February 2018 to July 2018

Main subjects studied: Subsea production system, Coastal management, Water resources modelling and planning

Erasmus + University of Cantabria Santander, Spain / From February 2017 to July 2017

Main subjects studied: Construction planning, Civil engineering heritage, Dams

Bachelor's Degree in Civil Engineering **University of Calabria** Rende (CS) Italy / From October 2012 to September 2016

📍 Cassano allo Ionio (CS), Italy

📅 25 years old
